PART 601—GRAINS AND RELATED COMMODITIES

SUBPART—1951-CROP RICE LOAN AND PURCHASE AGREEMENT PROGRAM SUPPORT RATES

Regulations issued by the Commodity Credit Corporation and the Production and Marketing Administration published in 16 F. R. 6907, and containing the requirements for the 1951-crop rice loan and purchase agreement program are hereby amended as follows:

Section 601.1008 *Support rates* is amended by including in the table in paragraph (a) *Basic rates*, the value factors for head and broken rice to be used in determining the basic support rates for the various classes of Rough Rice so that the amended section reads as follows:

§ 601.1008 *Support rates.* Loans will be made, and rice delivered under purchase agreements will be purchased at the support rates set forth in this section.

(a) *Basic rates.* The basic support rate for 100 pounds of rough rice in store in an approved warehouse and with all accrued charges paid through April 30, 1952, shall be computed as follows:

Multiply the yield (in pounds per hundredweight) of head rice by the applicable value factor for head rice (as shown in the table in this section according to class). Similarly, multiply the difference between the total yield and head rice yield (in pounds per hundredweight) by the applicable value factor for broken rice. Add the results of these two computations to obtain the basic loan or purchase rate per 100 pounds of rough rice and express such rate in dollars and cents, rounded to the nearest whole cent.

VALUE FACTORS FOR HEAD AND BROKEN RICE

Rough rice class	Head rice	Broken rice
Rexoro (including Rexark), Patna, Blue Bonnet and Nira.....	0.0967	0.0400

(b) *Premiums and discounts.* The basic support rates, determined under paragraph (a) of this section, per 100 pounds of rough rice shall be adjusted by the following premium or discount for the grade applicable to an individual lot of rough rice:

Grade U. S. No. 1: Premium of 20 cents per 100 pounds.
Grade U. S. No. 2: Premium of 10 cents per 100 pounds.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Pear Order 4]

PART 939—BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU VARIETIES OF PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 939.304 Pear Order 4—(a) Findings.

(1) Pursuant to the marketing agreement, as amended, and Order No. 39, as amended (7 CFR Part 939; 15 F. R. 6071), regulating the handling of the Beurre D'Anjou, Beurre Bosc, Winter Helis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in Oregon, Washington and California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations and information submitted by the Control Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of such pears, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the *FEDERAL REGISTER* (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than August 13, 1951. A reasonable determination as to the composition of the available supplies of such pears, and therefore the extent of grade and size regulation warranted, must await the development of the crop; recommendations as to the need for, and the extent of, regulation of shipments of such pears were made by said committee on July 19, 1951, after consideration of all information then available relative to the supply and demand conditions for such pears, at which time such recommendations and supporting information were submitted to the Department and notice thereof given to handlers and growers; necessary supplemental information was not available to the Department until July 31, 1951; shipments of the current crop of such pears are expected to begin on or about August 13, 1951, and this section should be applicable to all ship-

ments of such pears in order to effectuate the declared policy of the act; and compliance with this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., August 13, 1951, and ending at 12:01 a. m., P. s. t., July 1, 1952, no handler shall, except to the extent otherwise prescribed in this paragraph, ship:

(i) Any Beurre D'Anjou pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 195 size: *Provided*, That Beurre D'Anjou pears may be shipped to destinations other than export markets when bearing unhealed broken skins or skin punctures measuring not to exceed three-sixteenth of one inch in diameter or depth, as the case may be, if they otherwise meet the requirements of the U. S. Combination Grade and are of a size not smaller than the 165 size;

(ii) Any Winter Nelis pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 225 size;

(iii) Any Beurre Bosc or Doyenne du Comice pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 180 size; or

(iv) Any Beurre Easter or Beurre Clairgeau pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 165 size.

(2) Pears grown in the Hood River-White Salmon-Underwood District which fail to meet the requirements with respect to shape specified in the U. S. No. 2 grade only because of frost injury may be shipped to destinations other than export markets: *Provided*, That such pears are not very seriously misshapen.

(3) Pears grown in the Wenatchee District, the Yakima District, or the Placerville District which fail to meet the requirements with respect to shape specified in the U. S. No. 2 grade only because of frost injury or healed hail marks may be shipped to destinations other than export markets: *Provided*, That such pears are not very seriously misshapen.

(4) As used in this section, "pears," "handler," "ship," "shipments," "shipped," "export markets," "Hood River-White Salmon-Underwood District," "Wenatchee District," "Yakima District," and "Placerville District" shall have the same meaning as when used in the aforesaid amended marketing agreement and order; "U. S. No. 2," "U. S. Combination Grade," "frost injury," and "hail marks" shall have the same meaning as when used in the United States Standards for Winter Pears such as Anjou, Bosc, Winter Nelis, Comice, and other similar varieties, issued by the United States Department of Agriculture, effective July 8, 1940 (14 F. R. 7415, 7479; 7 CFR 51.332); "very seriously misshapen" shall mean that the pear is excessively flattened or elongated for the variety, or is constricted or deformed so it will not cut one good half or two fairly uniform quarters; and "165 size," "180

RULES AND REGULATIONS

size," "195 size," and "225 size" shall mean that the pears are of a size which, as indicated by the size number, will pack, in accordance with the sizing and packing specifications of a standard pack, as specified in said United States Standards, 165, 180, 195, or 225 pears, respectively, in a standard western pear box (inside dimensions, 18 inches long by 11½ inches wide by 8½ inches deep). HANDLING OF MILK IN THE NASHVILLE, TENN., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Davidson County Courthouse, Nashville, Tennessee, beginning at 10:00 a. m. e. s. t., August 23, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, Nashville, Tennessee, marketing area.

Amendments to the order (No. 78) for the Nashville, Tennessee, marketing area have been proposed as follows:

By the Nashville Milk Producers, Inc.:

1. Amend Order No. 78 so as to eliminate the present fall season production incentive plan effective January 1, 1952, and to substitute therefor a Base Rating Plan as follows:

(a) Each year beginning in 1951 establish a base forming period of six months, September through February, and pay all producers a uniform or blend price during this period: *Provided*, That for the year 1951 such uniform or blend price shall be computed pursuant to present rules;

(b) Each year beginning in 1952 pay producers base and surplus prices for the six-month period of March through August. During the March-August period, the base price to be diluted by any amount of base milk used in Class II (present Class III) when Class I uses (present Classes I and II) are less than base deliveries and the surplus price to be inflated by any amount of surplus milk used in Class I when Class I uses exceed base deliveries.

(c) Computation of the daily average base for each producer. For the months of September through February of each year each handler shall compute, subject to verification by the market administrator, a daily average base for producers delivering to such handler by dividing the total pounds of milk received from each producer during the September-February period by the total number of days in such period, and notify each producer of his base on or before March 6th of each year. *Provided*, That if any producer is not permitted by the appropriate health department to deliver milk because of a quarantine, such quarantine period shall not be used in determining such producer's base.

(d) The following rules shall apply in connection with the establishment of bases:

(1) A base shall apply to deliveries of milk by the producer for whose account that milk was delivered during the base forming period;

(2) Bases may be transferred by notifying the market administrator in writing before the last day of any month for which such base is to be transferred to the person named in such notice only as follows:

(i) In the event of the death, retirement, or entry into military service of a producer, the entire base may be transferred to a member(s) of such producer's immediate family who carries on the dairy operations.

(ii) If a base is held jointly and such joint holding is terminated, the entire base may be transferred to one of the joint holders.

(iii) Bases established from deliveries to more than one handler may be combined for delivery to one handler or a base may be divided between handlers at the request of the producer.

By Certain Nashville Handlers:

2. That any base-surplus plan incorporated in Order 78 include the following provisions:

(a) The base forming period shall be the months of October through February.

(b) The period during which base prices and excess prices are paid shall be the months of March through June.

(c) The uniform blend price shall be paid during the months of July through February.

(d) The base amounts for each producer to apply during the period of March through June shall be computed and announced by the Market Administrator.

(e) The amount of the individual producer base shall be determined by dividing the total pounds of milk received by a handler(s) from such producer during the months of October through February immediately preceding by the number of days from the first day of delivery by such producer during such months to the last day of February, inclusive, but not less than 90 days.

(f) With respect to any month immediately following a month wherein a handler receives an amount of producer milk less than 115 percent of his Class I and Class II sales, a producer without an established base shipping to such handler shall have a base for that month and the succeeding months of the base-excess paying period equivalent to 75 percent of his deliveries during the particular month, but in no event shall this percentage be greater than the percentage that total base milk is to total milk deliveries for all producers with bases established prior to the base surplus paying period.

(g) In the determination of the base price and the excess price the base price shall be diluted by any amount of base milk used in Class III when Class I and Class II uses are less than base deliveries, and the excess price shall be inflated by any amount of excess milk used in Class I and Class II when Class I and Class II uses exceed base deliveries.

3. Amend the order to provide that the payment of producers for their milk deliveries shall be accomplished as follows:

(a) On or before the 25th day of each month each handler shall pay to the market administrator the amount of money represented by at least the Class III price per hundredweight for the previous month applied to the total milk received from producers during the first 15 days of the current month.

(b) Two days prior to the date of payments direct to producers by the market administrator as hereafter in this paragraph provided, the market administrator shall pay to each cooperative association authorized to receive payments due producers who market their milk through such cooperative association, the aggregate of payments calculated pursuant to paragraph (a) above for all producers certified to the market administrator as having authorized such cooperative association to receive such payments. CIVIL AERONAUTICS BOARD

[14 CFR Part 292]

[Draft Release 49]

ALASKAN PILOT-OWNERS

NOTICE OF PROPOSED RULE-MAKING

Notice is hereby given that the Civil Aeronautics Board has under consideration the adoption of an amendment to Part 292 of the Economic Regulations, which would extend the existing exemption of Alaskan Pilot-Owners from sections 401 (a) and 404 (a) of the act to December 31, 1956. The existing exemption is due to expire on December 31, 1951, and this extension would allow Alaskan Pilot-Owners an added period of five years for engaging in limited air carrier operations.

The exemption in question was initially granted, and subsequently extended, for relatively short periods because of the Board's desire to keep these operations on a temporary experimental basis. Experience has shown that there is a need for the services which have been offered pursuant to this exemption. The Pilot-Owners have apparently kept their operations within the intended scope of the exemption, and nothing has come to the attention of the Board which would indicate any significant interference with or prejudice to any of the other forms of air transport services offered in the Territory of Alaska. In the absence of any showing to the contrary the Board is inclined to favor granting longer term authority for the conduct of these operations. However, it is believed unwise to grant authority for a longer period than five years, in view of the difficulty of predicting at this time the eventual air transportation needs of an area which is still in a vigorous stage of economic development.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in triplicate and addressed to the Secretary, Civil Aeronautics Board, Washington 25, D. C. All communications received on or before August 24, 1951, will be considered by the Board before taking further action upon the proposed rule. Copies of such communications will be available on or after August 29, 1951, for examination by interested persons in the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

In consideration of the foregoing, it is proposed to amend § 292.3 of the Economic Regulations as follows:

By changing the date appearing in the first sentence of paragraph (d) thereof from "December 31, 1951" to "December 31, 1956".

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 9]

[Docket No. 10004]

AERONAUTICAL NAVIGATIONAL AID RADIO STATIONS

FURTHER NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of the provisions of Part 9 of the Commission's rules which govern aeronautical navigational aid radio stations.

Further notice of proposed rule making is hereby given in the above-entitled matter.

On July 12, 1951, the Commission adopted a Notice of Proposed Rule Making in the above-entitled matter proposing rules to govern the granting of authority for unattended operation of certain domestic radio beacon stations. This notice contemplated that under certain conditions operators would be dispatched to the site of the station to place the station in an inoperative condition.

For purposes of national defense, it may be necessary for licensees of these stations to be able to place such stations in an inoperative condition upon very short notice and without opportunity for such delay as would be entailed if an operator were required to be dispatched to the station, some distance away, for this purpose. Certain changes in the original proposal are deemed necessary to achieve this national defense purpose.

The original proposal, as changed as above indicated, is set forth below in this Further Notice.

The authority for the proposed amendments is contained in sections 4 (1), 303 (a), (b), (c), (d), (e), (l) and (r), and 318 of the Communications Act of 1934, as amended.

Any interested persons may file with the Commission on or before August 17, 1951, a written statement or brief in support, opposition or for modification of the proposed amendments. Within 15 days from the last day for filing of the original comments or briefs, comments or briefs in reply thereto may be filed. The Commission will consider such comments before taking action in this matter. If any comments are received which would appear to warrant the holding of an oral argument or hear-

ing, notice of the time and place therefor will be given.

In accordance with the provisions of § 1.764 of the Commission's rules, original and 14 copies of all statements, briefs or comments shall be furnished to the Commission.

Adopted: August 1, 1951.

Released: August 1, 1951.

FEDERAL COMMUNICATIONS
COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. It is proposed to amend § 9.511 by adding thereto the following:

(e) Radio Beacon Stations: 200-400 kc.

2. It is proposed to add the following new section:

§ 9.513 Unattended operation of domestic radio beacon stations. (a) Authority may be granted to operate, during the course of normal rendition of service, radio beacon stations which are

located within the U. S., its territories or possessions without attendance of any person, in those cases where an adequate showing has been made to the Commission with respect to all of the following six conditions:

(1) The transmitter is crystal controlled and specifically designed for radio beacon service and capable of transmitting by self-actuating means;

(2) The emissions of the transmitter shall be continuously monitored by a licensed operator;

(3) If as a result of monitoring, it is observed that a deviation from the terms of the station license has occurred, a maintenance man will be dispatched immediately to the transmitter site and place the transmitter in an inoperative condition (the time, carefully estimated, required to effectuate this action shall be stated in this part of the showing);

(4) Inspections of the equipment shall be conducted at least every thirty days and a record of the results of such inspections shall be kept in the station log;

(5) The transmitter is so installed and protected that it is not accessible to, and may not be placed in operation by, other than duly authorized persons;

(6) The location of the transmitter is such that it is impracticable to require an operator to be on duty at the transmitter or other point at which the operation of the transmitter could be directly controlled.

(b) Authority for unattended operation shall be expressly stated in the station authorization before such operation may be commenced.

(c) In any case in which authority for unattended operation has been granted the Commission may at any time, for purposes of national defense, without the necessity of any hearing, cancel the authority or modify it in such a manner as to require the provision of adequate means to permit the station to be placed in an inoperative condition promptly whenever notice to that effect is given.

Production and Marketing
AdministrationPENALTY ON FARM MARKETING EXCESS OF
1950 COTTON CROP

In accordance with section 346 of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1346), and the regulations issued thereunder by the Secretary of Agriculture (15 F. R. 4162), cotton produced in 1950 on a farm for which the penalty on the farm marketing excess of cotton has not been paid is subject to the penalty of 15.5 cents a pound, and until the penalty on the farm marketing excess is paid the entire crop of cotton produced on the farm in 1950 is subject to a lien in favor of the United States.

Cotton marketing cards issued with respect to the 1950 crop of cotton became void after July 31, 1951. After that date, a person buying cotton which was produced in 1950 should take proper precautionary measures to assure himself that such cotton is not subject to penalty and the lien thereon. He should ascertain from the Production and Marketing Administration County Committee for the county in which the cotton was produced whether the cotton is subject to penalty and, if so, the amounts of the penalty and interest which are required to be collected and remitted. A person buying cotton which was produced in 1950 may relieve himself of liability for any penalty due with respect to such cotton only by collecting the penalty from the producer on each pound purchased and remitting the amount collected to the appropriate PMA county committee.

Friday, August 10, 1951

Issued at Washington, D. C., this 7th day of August 1951.

Federal Maritime Board

[Docket No. M-35]

LYKES BROS. STEAMSHIP CO., INC.

NOTICE OF HEARING ON APPLICATION TO BARE-BOAT CHARTER GOVERNMENT-OWNED, WAR-BUILT, DRY-CARGO VESSELS FOR USE IN THE U. S. GULF/FAR EAST SERVICE

Pursuant to section 3, Pub. Law 591, 81st Cong., notice is hereby given that an informal public hearing will be held at Washington, D. C., on August 20, 1951, at 10 o'clock a. m., in Room 4823, Department of Commerce Building, before Examiner A. L. Jordan, upon the application of Lykes Bros. Steamship Co., Inc., to bareboat charter two Victory-type Government-owned, war-built, dry-cargo vessels for use in applicant's U. S. Gulf/Far East service (Line "D").

The purpose of the hearing is to receive evidence with respect to whether the service for which such vessels are proposed to be chartered is required in the public interest and would not be ade-

quately served without the use therein of such vessels, and with respect to the availability of privately-owned American-flag vessels for charter on reasonable conditions and at reasonable rates for use in such service. Evidence offered with respect to any restrictions or conditions that may under the statute be included in the charter if the application should be granted also will be received.

All persons having an interest in the application will be given an opportunity to be heard if present.

The parties may have oral argument before the examiner immediately following the close of the hearing, in lieu of briefs, and the examiner will issue a recommended decision. Parties may have seven (7) days within which to file exceptions to, or memoranda in support of, the examiner's recommended decision, but the Board reserves the right to determine whether oral argument on exceptions will be granted and whether briefs in connection therewith will be received.

Dated: August 6, 1951.

By order of the Federal Maritime Board.

Secretary.

[Ceiling Price Regulation 7, Section 43,
Special Order 288]

HANDMACHER-VOGEL, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Handmacher-Vogel, Inc., 533 Seventh Avenue, New York, New York, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant,

that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of ladies suits and coats manufactured by Handmacher-Vogel, Inc., 533 Seventh Avenue, New York, New York, having the brand name(s) "Weather-vane-tailored by handmacher", "The Suitmaker-tailored by handmacher" "tailored by handmacher" and "Sport-leigh" shall be the proposed retail ceiling prices listed by Handmacher-Vogel, Inc., in its application dated July 3, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 7, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after October 8, 1951, Handmacher-Vogel, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7

On and after November 6, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form

stated above. Prior to November 6, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after October 8, 1951, Central Bedding Company must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7

On and after November 6, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to November 6, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in Paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.
